

# SWITCHGEARS

## FUSE CARRIERS WEDGE TYPE

Our standard range of fuse carriers are made from DMC which has high impact & di-electric strength and are suitable for BS-88 HRC fuse links. The Fuse Carriers are available in 82.5 & 92 mm fixing centers in Finger grip, and Through grip options. The fuse carriers are also available in porcelain with 82.5 mm fixing centers.

**Tested Power...Trusted Solution**
